

VARIETY 02

1121 Extra Long Grain (Kainat)

The longest commercially traded rice variety in the world — engineered for retail packs, hospitality, and high-volume foodservice distribution.

Technical Specification

Specification	Value
Average Grain Length (AGL)	8.2–8.4 mm (milled)
Aging period	6–18 months
Moisture content	Max 13.0%
Broken grain	Max 4.0%
Chalky grains	Max 3.0%
Damaged / yellow grains	Max 0.7%
Admixture / purity	Min 99.0% (max 1.0% admixture)
Polishing type	Double silky polished, color sorted
Available packaging	1kg / 5kg stand-up pouch · 25kg / 50kg bulk PP / jute bag

Specification reflects standard export grade. Tighter tolerances available on request, subject to lot availability and price adjustment.

Documentation & Certification

Available on request per shipment: Certificate of Origin, Phytosanitary Certificate, Fumigation Certificate, Weight & Quality Certificate (SGS / third-party inspection), Halal Certificate, and Commercial Invoice / Packing List in buyer-specified format.

Minimum Order & Logistics

Standard export lot: 1 x 20ft / 40ft container (FCL). Retail packaging (1kg / 5kg) and bulk packaging (25kg / 50kg) available. Incoterms: FOB, CFR, or CIF on request. Private label / white-label packaging available — see white-label service page.
