

VARIETY 01

Super Basmati

Extra-long aged grain prized for its natural aroma and signature elongation on cooking — the benchmark variety for premium retail and foodservice buyers across the GCC and UK.

Technical Specification

Specification	Value
Average Grain Length (AGL)	7.0–7.4 mm (milled)
Aging period	12–24 months
Moisture content	Max 13.0%
Broken grain	Max 2.0%
Chalky grains	Max 2.0%
Damaged / yellow grains	Max 0.5%
Admixture / purity	Min 99.0% (max 1.0% admixture)
Polishing type	Double silky polished, color sorted
Available packaging	1kg / 5kg stand-up pouch · 25kg / 50kg bulk PP / jute bag

Specification reflects standard export grade. Tighter tolerances (e.g. max 1% broken grain) available on request, subject to lot availability and price adjustment.

Documentation & Certification

Available on request per shipment: Certificate of Origin, Phytosanitary Certificate, Fumigation Certificate, Weight & Quality Certificate (SGS / third-party inspection), Halal Certificate, and Commercial Invoice / Packing List in buyer-specified format.

Minimum Order & Logistics

Standard export lot: 1 x 20ft / 40ft container (FCL). Retail packaging (1kg / 5kg) and bulk packaging (25kg / 50kg) available. Incoterms: FOB, CFR, or CIF on request. Private label / white-label packaging available — see white-label service page.
